

## Vintage Air Gen II Climate Control Kits

We offer a variety of options and upgrades for this popular and convenient kit. All Gen II Units are electric controlled with Servo motors that provide the best temperature control in the industry. The Evaporator Only Kit includes the Gen II unit, 3 standard vents (4 on Super), and horizontal or vertical style black control. The Complete Kit adds a hose kit with A/C fittings and a black drier, a plain Sanden compressor, an Alan Grove Steel compressor bracket, and a parallel-flow condenser.

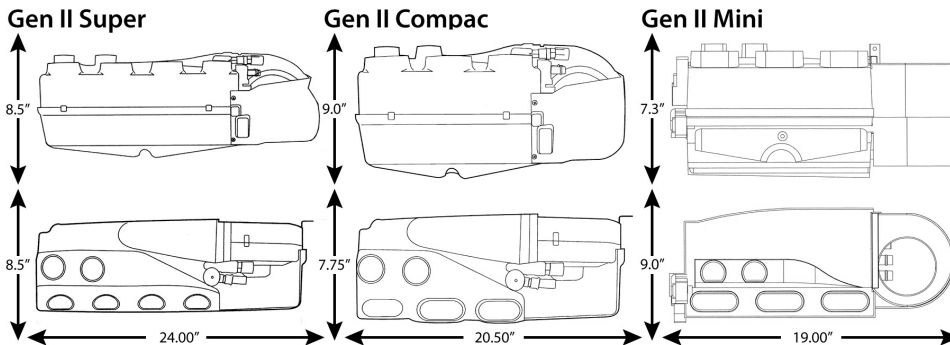

## FEATURED ITEMS IN CLIMATE CONTROL

VINTAGE AIR GEN II KIT	EVAP ONLY	COMPLETE
Gen II Mini Heat/Cool	\$430.00	\$880.00
Gen II Mini Heat/Cool/Defrost	\$485.00	\$945.00
Gen II Compac Heat/Cool	\$430.00	\$880.00
Gen II Compac Heat/Cool/Defrost	\$485.00	\$945.00
Gen II Super Heat/Cool	\$490.00	\$950.00
Gen II Super Heat/Cool/Defrost	\$505.00	\$965.00

### Vintage Air Sure Fit™ Series

The Sure Fit™ series is a model-specific system replacing and outperforming your original equipment while maintaining a factory look, usually adapting to your stock dash controls. Systems are designed to mount to stock engine bolt points with as few modifications as possible. **FREE SHIPPING** is available on complete kits. Typical evaporator kits include an A/C, heat, and defrost combination unit, mounting brackets, hardware, vents, duct hose, wiring harness, and installation instructions. Typical complete kits include all components of the evaporator kits plus a condenser, a Sanden compressor, bracket, hose kit, safety switch, firewall cover panel, and drier package.

#### Available Applications

- '55-'57 Chevys
- '58-'76 Corvettes
- '67-'73 Camaros
- '67-'69 Firebirds
- '64-'69 Chevelles
- '66-'69 Nova/El Camino
- '59-'60 Impalas
- '64-'68 Mustangs
- '64-'65 Falcons
- '70-'74 Challenger/Cuda
- '53-'56 F-100s
- '47-'86 Chevy or GMC Trucks

#### Typical Pricing

Cable Operated Evaporator Only Kit	\$575.00
Cable Operated Complete Kit	\$1095.00
Gen IV Servo Electric Evaporator Only Kit	\$700.00
Gen IV Servo Electric Complete Kit	\$1249.00

(actual cost may vary)

**Many Options Available

### TBI Hypercool Series

The Hypercool series are vacuum operated and come in evaporator-only kits that include three vents and a billet control panel, or complete kits, adding a hose kit with A/C fittings and drier, a Sanden compressor, Alan Grove Steel compressor bracket, and a parallel flow condenser. The Hypercool 1 is designed for Coupes, Pickups, and smaller vehicles. The Hypercool 2 is designed to cool full-sized sedans and fat fendered vehicles. *Dimensions:*

Hypercool 1: Depth 7" Height 8.5" Length 18.5"

Hypercool 2: Depth 7.5" Height 8.5" Length 21"

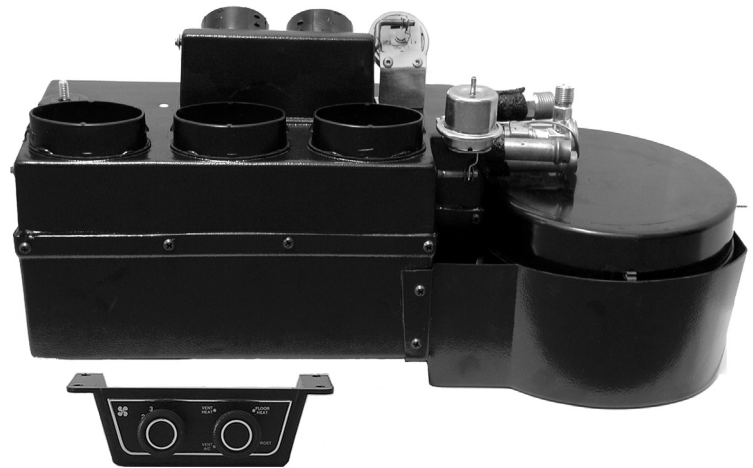

Climate Control

PART No.	EDITION	FUNCTION	PRICE
TBI7HY1	Hypercool 1	Heat/Cool/Defrost Evap Only Kit	\$365.00
TBI7HY1-C	Hypercool 1	Heat/Cool/Defrost Complete Kit	\$815.00
TBI7HY2	Hypercool 2	Heat/Cool/Defrost Evap Only Kit	\$400.00
TBI7HY2-C	Hypercool 2	Heat/Cool/Defrost Complete Kit	\$845.00

## Hot Rod Air Elite Series

The Elite Series from Hot Rod Air are vacuum operated units with a lifetime warranty. Comes in the Standard, Standard SE, and Deluxe editions, and are available as heat/cool only or heat/cool/defrost units. The Complete Standard and Standard SE editions offer a three-vent evaporator kit, control, hose kit with A/C fittings and drier, Sanden 508 compressor, Alan Grove steel compressor bracket, and parallel flow condenser. The Complete Deluxe line of the series offers all the same components, but in a four-vent model. All editions are also available as an evaporator-unit-only kit.

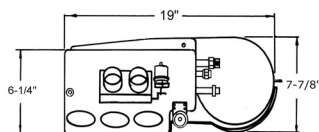

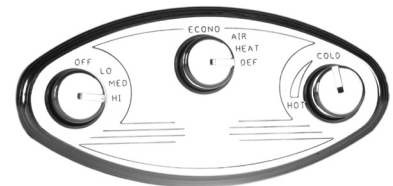

PART No.	EDITION	UNIT FUNCTION	EVAP ONLY	COMPLETE
HRA51-0000	Standard	Heat/Cool Evap Only Kit	\$365.00	\$805.00

### Street Rod Heater

Designed for firewall mounting. Includes a three speed blower, vacuum operated heater control valve, rotary control, and wire harness.

- TBI7RHR *Heater w/ remote mount control* **\$145.00**
- TBI7RH *Heater w/ integral control* **\$140.00**

### Vintage Air Mark IV Systems

An exact reproduction of the most popular under-dash air conditioner ever made, the Mark IV features an all steel case built from the original tooling. Evaporator only kits come with under-dash evaporator and mounting brackets, built-in controls, and drain kit. Complete kits add a hose kit with A/C fittings and drier, a Sanden compressor, Alan Grove Steel bracket, and a parallel flow condenser.

- VA-672001-VHY *Unit Only* **\$299.00**
- VA-672001-VHYK *Complete Kit* **\$745.00**

### Hot Rod Air Under Dash Systems

Evap-Only kits include built-in controls and vents, heater control valve, and mounting brackets. Complete kits add a hose kit with with A/C fittings and drier, Sanden 508 compressor, Alan Grove steel bracket, and a parallel flow condenser.

TBI7011-C	Heat/Cool Complete	\$700.00
TBI70B1	Billet Control Upgrade	\$85.00

### Sanden 508 Compressor

This compressor uses 134A refrigerant and is recommended for all aftermarket climate control systems. Available in V-belt or serpentine styles and a standard, polished, or chrome finish.

SC	Standard	\$199.00
SC-P	Polished	\$249.00
SC-C	Chrome	\$299.00

### Sun Specs Compressor Service Port Caps

Made of brushed billet aluminum, for use with Sanden 508 Compressor.

SS1452

\$18.00/pair

Climate Control

### Driers

Available in standard black, polished, or chrome finishes. All driers include a switch port for use of pressure switch directly in the drier.

TBIDR-10C	Black w/ steel bracket	\$30.00
TBIDR-20B	Polished w/ alum. bracket	\$75.00
TBIDR-30B	Chrome w/ chrome bracket	\$85.00

### Safety Switches

Protects your compressor from dramatic increases or decreases in pressure.

TBI-BI	Binary Switch	\$20.00
TBI-TRI	Trinary Switch	\$30.00

### Dakota Digital Climate Control System

Designed exclusively for Vintage Air Gen II systems. Full digital climate control with a full-character vacuum fluorescent digital readout for a simple and modern approach to updating your A/C system. Installation is nearly effortless, and the system comes with a full two-year warranty!

DDDCC-2300 Elliptical Control \$399.95

### Parallel Flow Condensers

High performance with multiple refrigerant passes, allowing for optimum heat exchange. Available in horizontal or vertical styles in black finish. For use with 134A refrigerant. All condensers come complete with hook up tubes and universal mounting brackets.

#### HORIZONTAL STYLE CONDENSERS

TBI1420H	Parallel Flow 14" x 20"	\$115.00
TBI1424H	Parallel Flow 14" x 24"	\$115.00

#### VERTICAL STYLE BOTTOM EXIT CONDENSERS

TBI1420V	Parallel Flow 14" x 20"	\$115.00
TBI1220V	Parallel Flow 12" x 20"	\$115.00

#### VERTICAL STYLE SIDE EXIT CONDENSERS

TBI1420SE	Parallel Flow 14" x 20"	\$115.00

### Standard A/C Hose Kit

Includes a variety of beadlock, service port, and through firewall bulkhead fittings, a black drier, and steel mounting bracket. For use with 134A only.

TBIA31BL	Kit w/ standard drier	\$115.00
TBIA32BL	Kit w/ polished drier	\$170.00
TBIA33BL	Kit w/ chrome drier	\$185.00

### Reduced Diameter Barrier Hose Kit

Includes all contents of the standard A/C hose kit, but with small hose size that allows for greater flexibility in routing and plumbing your A/C system.

TBIA3RB	Reduced Diameter hose kit w/ Black Drier	\$125.00
---------	--	----------

### Billet Specialties Hose Separators

Made of polished billet aluminum and available in many popular combinations and sizes. Sold individually.

NUMBER	HOSE O.D.	PRICE
BS68020	.440 x .540	\$10.95
BS68025	.440 x .630	\$10.95
BS68120	.500 x .500	\$10.95
BS68425	.734 x .969	\$10.95
BS68625	.890 x .969	\$10.95
BS68720	.906 x .906	\$10.95
BS68820	1.015 x 1.015	\$10.95

### Billet Specialties Hose Ends

Polished billet hose ends, available in popular sizes for rubber and braided hoses. Sold individually.

BS67425	5/8" Heater - Rubber	\$11.95
BS67525	5/8" Heater - Braided	\$11.95
BS67625	3/4" Heater - Rubber	\$11.95
BS67725	3/4" Heater - Braided	\$11.95

### Crimp Tool Kit

Convenient Kit used for Beadlock type fittings and standard or reduced diameter hose. Includes carrying case, crimp tool, #6, #8, #10, and #12 dies. Use with reduced diameter hose requires two additional dies.

TBICT1	\$230.00
Additional Dies	\$60.00 each

### Bulkheads

Polished billet aluminum, these through-the-firewall bulkhead plates use O-ring fittings on A/C and heater connections.

TBIB4C4  
4 in Square  
\$65.00

TBIB45D  
4 in Diamond  
\$65.00

### Billet Specialties Bulkheads

Made of polished billet aluminum and engineered to work with 5/8" heater hose and one -6 and one -10 A/C line.

#### 2-PORT BULKHEADS

- |         |                 |         |

### Lizard Skin Ceramic Insulation

Water based and composed of high grade acrylic binders. Spray or paint on application that can be sanded and painted. Comes in 2 gallon containers that cover approximately 50 square feet. Reduces heat and noise and provides a protective barrier from moisture and corrosion.

LSCER                       **\$189.00**

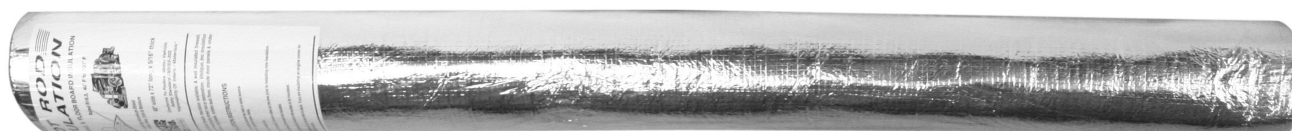

### KoolMat® Insulation

Easy to install, very flexible, follows the contours of your floor and firewall, and can be cut to fit. Closed cell fiberglass material is cured to a silicon top layer. Reflects heat up to 1200°. Weather and mildew resistant, KoolMat® also delivers up to a 23 decibel reduction in sound transfer. Sold by the foot in 30" wide rolls.

KMI   **\$10.00/SF**

*Example: 30" x 1' = \$25.00*

### Vintique

#### Street Rod Insulation

Padded jute bonded to reflective foil on both sides insulates firewall, transmission tunnel, panels, and under carpeting. 48" wide by 72" long and 5/16" thick.

VINSRI                       **\$25.00/roll**
