

FEATURED ITEMS IN FUEL SYSTEMS

TANKS™ Polyethylene Fuel Tanks

Replace your original with a no-rust gas tank that accepts all aftermarket senders. Tanks are vented with neck in stock location and many include lower mounting straps. Available for '33-'51 Ford cars, '33-'41 and '53-'55 Ford trucks, '35-'39 Dodge/Plymouth, and '35-'54 Chevy. Galvanized alloy, mild steel, and stainless steel tanks are also available for additional applications. Dimensions and capacity vary based on year and make of vehicle, so please call for more information.

Fuel Systems

TPFT

\$215.00

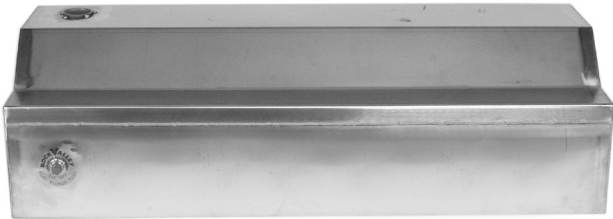

Stainless Fuel Line Kit

Kit includes two 6' straight lengths of 5/16", 3/8", or 1/2" stainless tubing, two stainless fittings, one chrome union, and 3' of stainless spring wrap. Please specify 5/16", 3/8", or 1/2" tubing when ordering.
